

**BUILDING CAPACITY FOR A CENTRE OF EXCELLENCE FOR EO-BASED  
MONITORING OF NATURAL DISASTERS**

<b>MONTHLY REPORT FEEDBACK ON DISSEMINATION ACTIVITIES (ALL WP)</b>			
<b>MONTH</b>	November 2013		
<b>COMPANY or ORGANISATION</b>	NATIONAL OBSERVATORY OF ATHENS		
<b>EVENT PLANNED ON PROMOTION PLAN</b>	<b>YES or NO</b>	<b>DATE PLANNED</b>	<b>POSPONED TO</b>
		25-29 November 2013	
<b>TYPE OF DISSEMINATION</b>	ORAL PRESENTATION IN CONFERENCE	<b>LOCATION</b>	CYPRUS, Limassol
<b>AUDIENCE</b>	Scientists	<b>MAIN OBJECTIVE</b>	The researchers presented the BEYOND objectives and the related atmospheric activities within the project. Focus was given in LIVAS service that has been recently published through BEYOND website.
<b>GENERAL FEEDBACK</b>	The EARLINET lidar network welcomed this activity and suggested through its coordinator (Gelsomina Pappalardo) that the new lidar has the specifications to join the network. Gelsomina suggested that the BEYOND lidar should pass the quality assurance protocols of the network and that EARLINET will be glad to provide the resources and the knowhow needed for the QA procedures.		
<b>CONTACT POINT</b>	Dr. V. Amiridis		
<b>SPECIFIC PROMOTION MATERIAL</b>	Oral presentations	<b>UPLOAD ON BEYOND WEBSITE</b>	Yes and newsletter
<b>OTHERS and/or SUGGESTIONS</b>			
<b>RELATED WP</b>	WP3-ALL		

PLEASE, SEND THIS FORM AT THE BEGINNING OF EACH MONTH BY MAIL TO DISSEMINATION MANAGER:
